

WSA SIGNATURE, JURIED, AND OTHER DONATIONS

October 1, 2019 - September 30, 2020

The Signature and Juried Awards Program is only available through donations. Only Artists who donate to these Awards and who have been selected to exhibit at the 2020 National Exhibition are qualified to receive an award in the category in which they are currently registered (membership status of signature or juried) with WSA. For example, regardless of what category a member donates to, the artist is qualified to receive an award in the category that they are registered with WSA.

For instance, if I donate \$50 to the Signature Award I would be eligible to receive an award from the Juror in the Signature category, if my member status is Signature. ***If I donate to the National Exhibition Awards Categories (Special Awards or WSA Awards Program) under "OTHER DONATIONS", I am still qualified to receive an award from the Juror in the Signature Category because I am currently a Signature member.*** If I donate to an award in all three categories, I will still only be eligible to win an award in the Signature category.

Please note: Donations to the Signature/Juried Award Program does not eliminate you from being eligible for all other WSA awards. This program is self-paid by Signature/Juried members, in addition to the WSA Awards Program.
